The Magic of Bea

By: Samantha
Gurski

One day a girl named Alexa was cutting a piece of wood from a dead tree. When she finished getting a piece of wood from the dead tree, she put the piece in her wood collection. Alexa lived in a tent with berries, cheese, water, a blanket, a pillow, and one stuffed Mmm doll to sleep with. On the doll was a locket with a picture of Alexa's parents. Her parents died in their mansion but Alexa ended up setting it Mmm on fire and running away from her sleep-over with some stuff in it.

Ever since the fire
Alexa has always been sneaky
when she slept, but tonight she
was cold. But Alexa enjoyed that.
It was weird and different but
Alexa did not care. She was
good and comfortable and that
was the way she liked it.
"But wait, why am I cold?" "I am
never cold." Then Alexa opened her
eyes, and there stood a fairy. "Ahhh!"
"Ahhh!" Then poof. Everyone was gone.

Alexa opened her eyes and she was in a garden with flowers, a pathway, and a tree, with a door, with a sign that said Magic on it. "Should I go in or well, um... I do not know really."

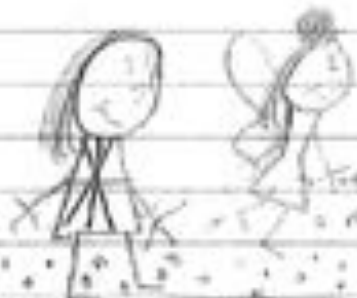

thought Alexa
Alexa opened the door and she was gone. Something flew in after her though.

When the door opened the thing that flew in behind Alexa, flew by her face. "Stop!" shouted Bea right in front of Alexa to make her stop walking. "Hello I am Bea." said Bea. "Hi, I am Alexa." Alexa said in a scared way. "Where am I?" "You are in Fairyville. The land of fairies."

"Why am I here, how am I here?" asked Alexa. "You're here because I saw how down you were and you maybe wanted a better life." But you do have to watch out for Queen Molly." said Bea. "Why, what's wrong with Queen Molly?" asked Alexa. "What's not wrong about Queen Molly?" replied Bea. "What does she do?" "She kills guards that don't listen, makes guests eat mush, and only wears the colors red or pink." said Bea.

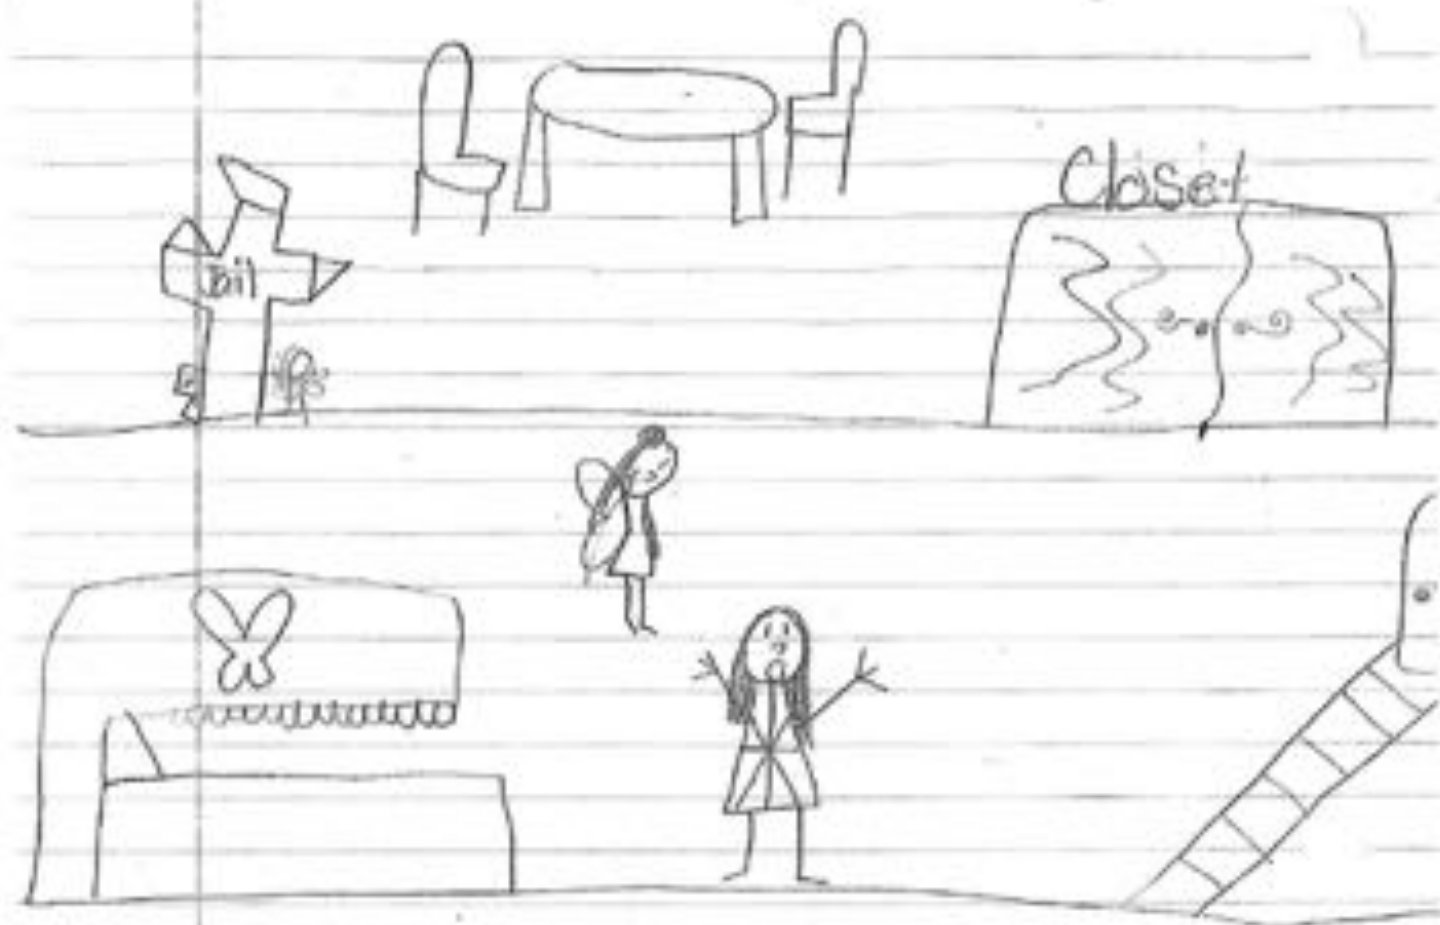

"Here we are." said Bea "Here we are?" said Alexa in a puzzled way. "This is my house." "It's a flower." said Alexa. "Us fairies are very happy with living in flowers unless your

Queen Molly's said Bea. "Whatever?" said Alexa. "When we get inside I am going to make you look like a fairy with wings and everything." said Bea.

"This is your house?" asked Alexa.
"Yes, now lets make you look like a fairy!"

NO!

NO!

yes!

"How about this creepy lonely person?"
"No, I don't think so." "How about an old
clown lady?" "No!" "How about this wandel
fairy with nice hair?" "sure?"

"What now?" asked Alexa. "Well, we have to go to the Queen to get you a horse." said Bea "Wait, wait, wait, I am not living in a flower!" said Alexa "No way!" said Alexa. "I thought you said the Queen was mean?" "I did, but we still have to go anyway, unless you want to chop wood for

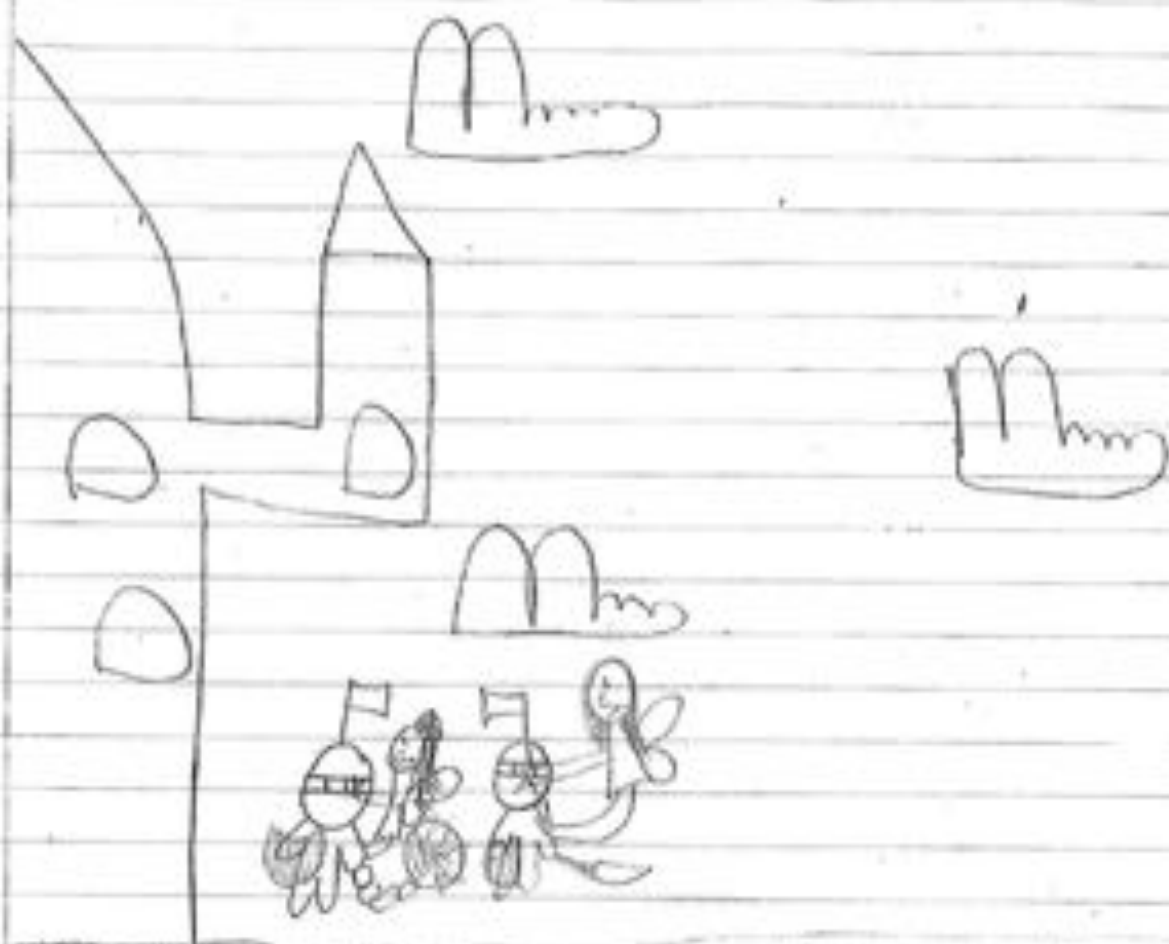

the rest of your life.
"Fine, let's go!"

"How do we
get in?" asked
Alexa. "I don't
know, I did not
want to go
in the first
place, do you
really think I
had a plan?"
asked Alexa.

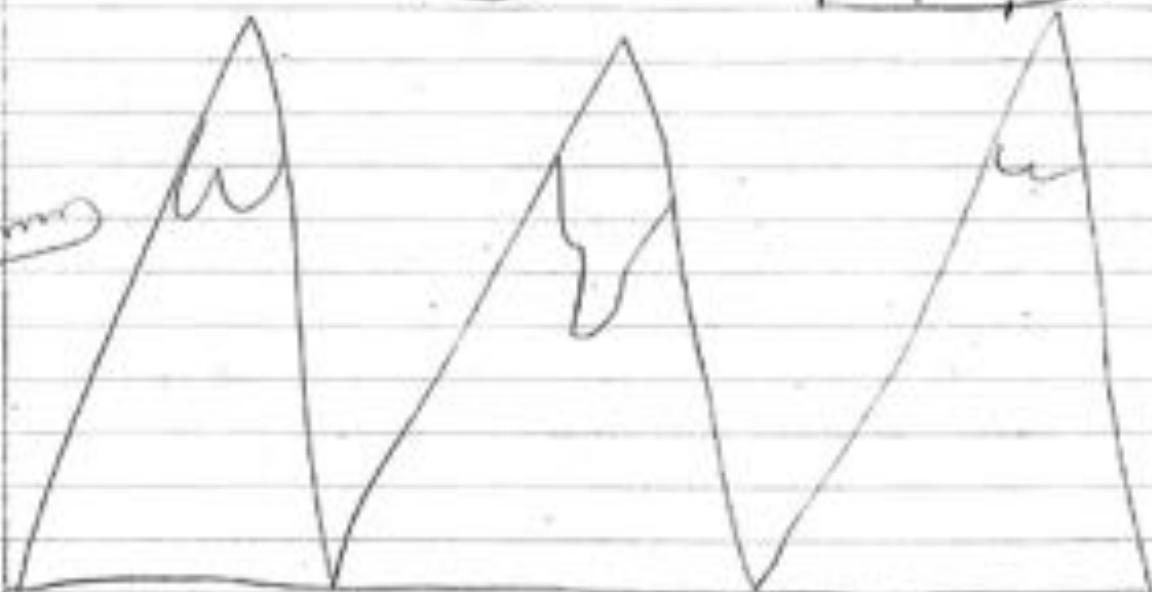

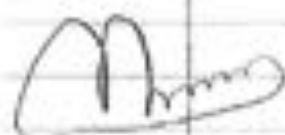

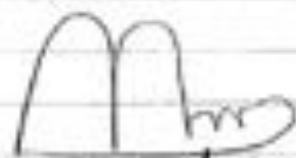

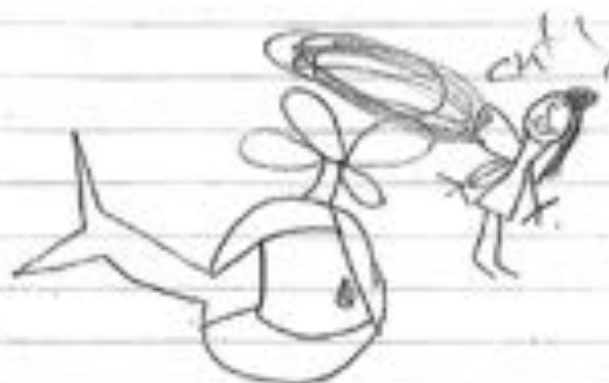

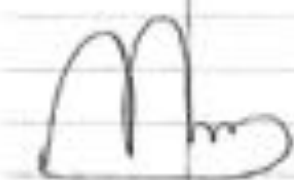

"Can we come in the castle to see Queen Molly?" Bea asked the knights. "Sorry but Queen Molly can not see you right now," said the knight. "Why?" asked Alexa. "Because Queen Molly does not feel like it," said the other knight. "Well that is not a good enough reason," screamed Bea then Bea kicked, punched, and slapped till the knights could not take it anymore and they fell over. "Thank you," said Bea as the two girls walked inside.

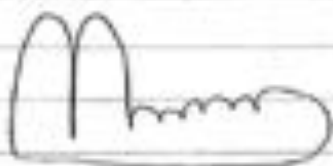

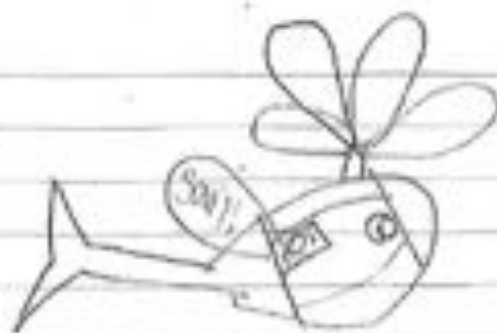

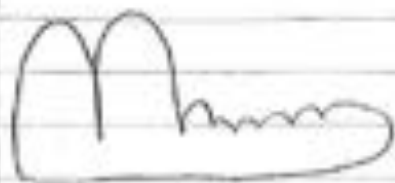

"How did you get in, I put my strongest guards out today," asked the Queen. "We wanted to come in anyway," said Bea. "I need a home to live in," said Alexa. "I could never live in such a grange place. I only live in pink or red things," said Queen Molly. "Well I just need a house please," shouted Alexa. "Well you have to go on a trip and bring me back a crown, the soul and #3, and the rare pink heart dress." "Good luck," said Queen Molly.

"What are we going to do now?" asked Alexa. "We got to get ready to go on the trip." "What!" shouted Alexa. "We could get hurt or even killed," said Alexa. "Well I know we can do it," said Bea. "Fine I'll do it, but if we die and go to heaven I'm going to tell you I told you so," said Alexa. And off the two girls went to get the crown, the soul ward #3, and the rare pink heart dress.

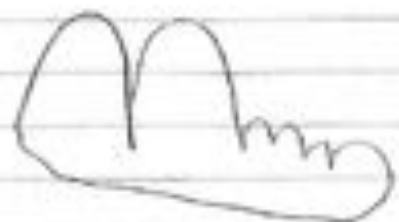

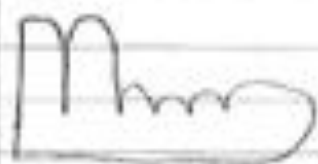

"How are you doing down there?" asked Bea to Alexa. "Good, I guess, I'm sad, I have nobody to talk to." said Alexa. "Watch out!" Alexa cried as Bea turned around to see a helicopter coming! Bea tried to fly but she was not fast enough, the helicopter was too fast and the pilot was not seeing Bea and the helicopter clipped her wing off!

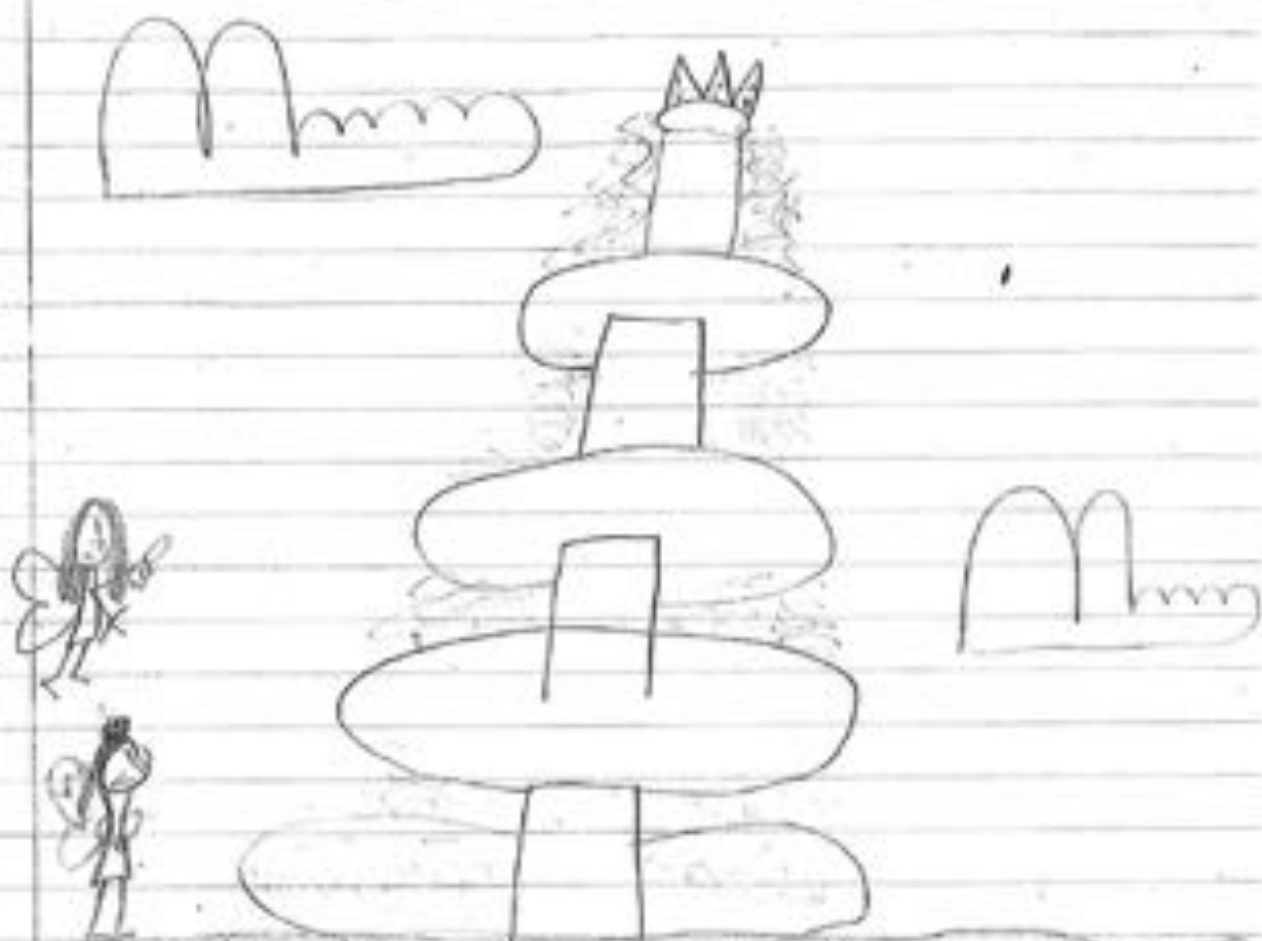

"Ahhhhhh," cried Bea. "I told you so," said Alexa. "You said you would only say that if we died?" "I did, but I thought it would be nice to say it now." "Are you okay?" asked Alexa. "Yes, thanks," Bea said sarcastically. "Whatever, let's keep going."

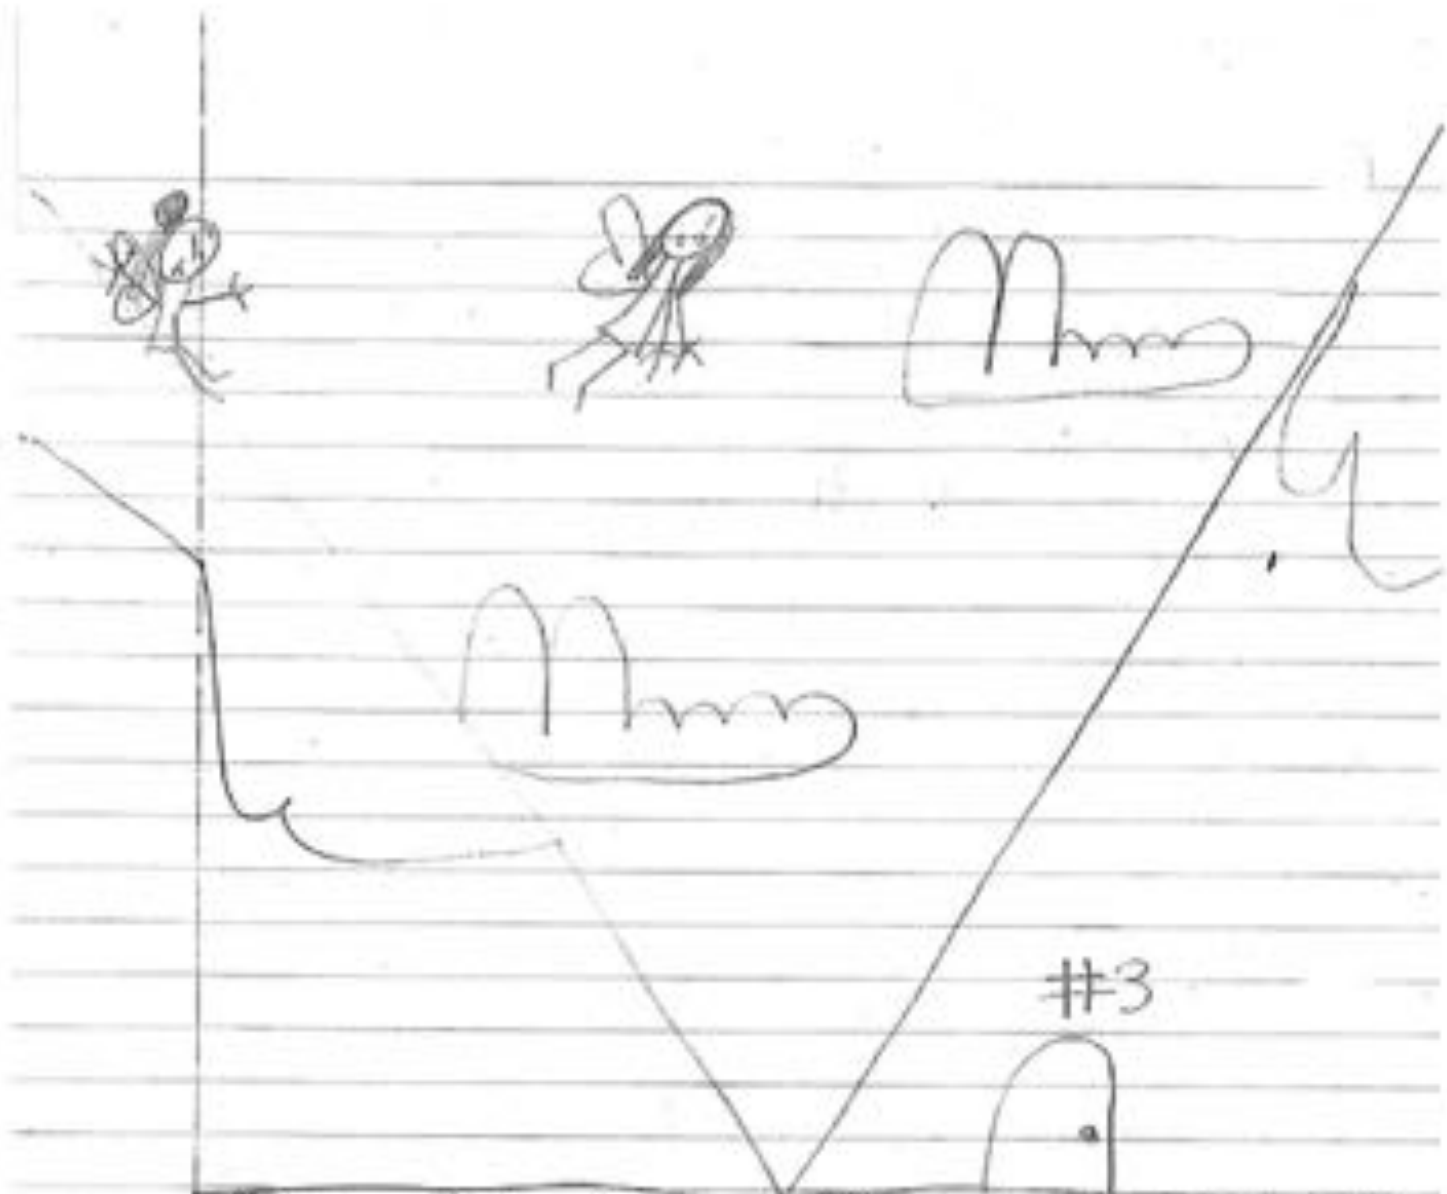

"How do you walk, it's too hard!" asked Bea. "I just move my legs and... well... walk." said Alexa. "I was thinking, where are we even going?" "Um, I don't know," said Bea. "Where do you even get a real crane?" "There's that helicopter again!" "Maybe we can get a ride!" So Alexa flew up a little bit and threw Bea's toy down at the helicopter to get the pilot's attention. "Can we have a ride?"

"Quickly, where did you want to go?" "Can you ride up to Queen Molly's castle?" "Why is there anywhere else?" "Not really," said Bea. "Well if that's what you want." "It is, thank you." Then the man flew the two girls back where they started. This time the two girls tried the backdoor because they thought people would not suspect the back but they were wrong, the back had guards.

"Look the crown, it's on the
foundation!" shouted Alexa. "Let me
get it," said Alexa. "Don't get your
wings wet or you won't be
able to fly," said Bea. "Got it, I
really got it!" shouted Alexa. "Let's go give
it to the Queen," said
Bea. "Do you think Queen Molly
will notice this is already
hers?" asked Alexa. "I don't know, but
we will find out."

"Are you sure the soul word #3 is here?" "I'm positive," said Bea.
"What if the wizard #3 will catch us and turn us into frogs?" asked Alexa. "He will not do that or we will not get caught," said Bea.
The girls went inside and there stood a man with a blue robe and a blue hat with stars on all parts of his hat and robe. "Who are you?" asked Bea. "I'm the wizard #3."

"Can we please have the soul wand #3, please." asked Bea. "No, but if you're trying to get it for Queen Molly to get a name, just tell her there's no such thing and she will give you one, works every time." said the wizard #3. "Wow, um... thanks said Alexa. Alexa and Bea left and went on their last trip to get the pink heart dress.

Alexa and Bea went to the
real world so they could go to the
store and take a doll dress that was
pink and shaped like a heart.
Bea could not fly because of her
broken wing so she
payed the Piolet to
have his helicopter
to fly in for the
trip.

"How do we get in, the door is too heavy for me to lift," asked Aleva. Here comes somebody when he opens the door, we'll sneak in, like I did to you when you

Doll Shop And Clothes

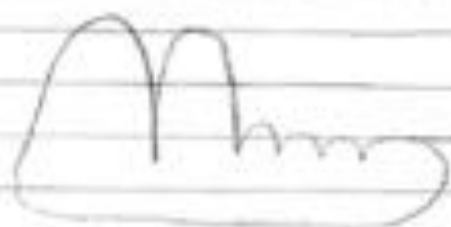

first came to Fairville" said Brad. The man opened the door and the girls snuck in.

"I found it!" shouted Alexa.
"Grab it," said Bea. And just as
Alexa grabbed on to the box, a
lady grabbed on to the box as
well. Bea, "Help me grab this
box," shouted Bea. "Don't you see me
pressing buttons here?" asked Bea.
"Got it!" said Bea. Then, a graveling
hook shot out of the helicopter and
grabbed the box.

"Hello Queen Molly!" Both girls
said at the same time. "We are
sorry to say that there is no
such thing as a soul name #3."
said Bear. "Hmmm... fine, fine, you
can go to house, house #5/Alexis."
said Alexis. "Thank you," said Alexis.

"I love it," started Alexa. "Wait to
you see the inside," said Becca.
"And thanks for paying for
the hospital bill for my wing."

"This is so cool!" started Alexa.
"You might want to go to bed, it
is midnight." said Bea. "See you
tomorrow." said Bea. "Wait, do you
want to sleep over?" asked Alexa.
"Sure." said Bea. And the two girls
grabbed blankets and curled up
on the floor and fell asleep.
